

Christmas is one of the most important – and busiest – times of the church year. Christmas concerts, banquets, special programs and music all demand extra time and commitment from us – and from our church leaders.

Be prepared. Prepare your leaders.

The quality and competency of church leaders makes a world of difference for what a church can accomplish. Horizon College & Seminary has been in Saskatoon preparing leaders for Christian life and ministry since 1935. We remain committed to that vision. It may be that you, your staff, or your lay leaders would benefit from the preparation for ministry that Horizon's courses offer. **We are therefore pleased to open our courses to the Saskatoon community for \$100 per course (non-credit).**

Help us help you.

If your church would benefit from Horizon's offer, please help us get the message out. You might:

- invite a Horizon representative to share briefly about the college;
- announce to your congregation Horizon's offer for \$100 courses;
- include our leaflet in your bulletin (we'll print and deliver them);
- post **both sides** of our leaflet where your church leaders will see it;
- pay for church leaders to sit a course at Horizon;
- direct young – and not so young! – leaders called to professional ministry to consider Horizon;
- inform UofS students about Horizon's UofS transferrable courses;
- encourage youth to consider a year of Christian formation at Horizon before they pursue careers or vocational training.

Better prepared leaders will mean better Christian presence in the Saskatoon community. Horizon is happy to play our part. In addition to our \$100 audit courses, I note two events upcoming at Horizon:

- **February 5-7 – Converge.** Horizon's youth rally, this year Converge features Brett Ullman, BUGirl, and Jordan McLellan.
Of particular interest to church leaders is Brett Ullman's special seminar on "Media, Faith and Culture," open at no cost to church leaders on **Saturday, February 6 from 2:00pm-3:30pm.**
- **March 28-30 – Check Us Out.** Those considering Horizon are welcome to live 3 days in the life of a Horizon student – attend classes, live in dorm, eat in the cafeteria. Come "Check Us Out"!

Thank you for your time this Christmas season. I hope we'll see you or your leaders in the New Year.

For Christ and Kingdom,

Jeromey Martini
