Course Content and Goals

Course Description

This course guides students to think critically about how their curricular and co-curricular learning experiences are building on their competency development during year two of their program. Students will learn to recognize and articulate the transferable and ministry-relevant skills and knowledge they are developing during their classroom and Ministry Formation experiences, and to present those skills to a public audience using an online learning profile and e-Portfolio.

Relationship to Horizon's Mission

This course prepares students for Christian leadership by equipping them to identify and articulate the real-world skills, knowledge, and values they are developing as they grow into competent leaders in life and ministry.

"To have learnt and remembered the art of learning makes the approach to every subject an open door."

– Dorothy Sayer

Core Competencies and Learning Outcomes

To demonstrate competency in *Contextual Awareness*, students will

1. Identify core values, transferable skills, and personal development goals arising from second-year significant learning experiences from his or her program.
 - Preparation: Flipgrid Discussion videos
 - Assessment: *Portfolium* Profile and Portfolio; Résumé and Cover Letter

To demonstrate competency in *Skilled Communication*, students will

2. Compose online communication at a novice level using the appropriate genre and style for the given context, purpose, and audience.
 - Preparation: Flipgrid Discussion videos
 - Assessment: *Portfolium* Profile and Portfolio
3. Compose professional communication at a novice level using the appropriate genre and style for the given context, purpose, and audience.
 - Preparation: Flipgrid Discussion videos
 - Assessment: Résumé and Cover Letter
4. Express written ideas using Canadian Standard English (HCS Grammar and Style Level 2).
 - Assessment (Pass/Fail): Résumé and Cover Letter; *Portfolium* Profile and Portfolio

Course Assignments and Activities

Portfolio Components: This course is designed to help you create an integrated online Profile and Portfolio that showcases you as a unique, competent Christian leader. All of the following assignments should be included in your *Portfolium* Profile and Portfolio.

1. *Flipgrid Discussions*

What is Flipgrid?

Flipgrid is a video-hosting platform designed to help students connect with one another and with their instructors. We will be using Flipgrid throughout the course as an alternative to written discussions and as a way to connect with students who are joining us online.

Where do I find the discussions?

Flipgrid discussions are linked through the “Flipgrid Discussions” lesson in Populi. In that lesson, you will find instructions for using Flipgrid, access to your password, and a list of discussions you will need to participate in throughout the semester.

When do I post my videos?

Flipgrid video due dates are listed below. Your Class Schedule will also indicate whether you have a Flipgrid discussion for the week. Flipgrid videos should be posted **no later than Sunday at 11:59pm** in the week in which they are assigned.

Do Flipgrid discussions affect my course assessment?

Flipgrid discussions are not assessed, but, just like class attendance, **participation is required to complete the course.**

- Related learning outcome(s): 1, 2, 3.
- **Assignment Length:** 1-3 minutes. **Due date:** September 27, 2020; October 11, 2020.

2. Updated Résumé and Cover Letter

What is a Résumé?

To update your résumé, you should begin by reminding yourself of what a résumé is and what its purpose is. A review of résumés and the basic steps for writing one is available on Populi in the “Résumé and Cover Letter” lesson.

How do I update my Résumé?

Begin by reviewing your résumé from last year and considering what changes you would like to make for this year. You should compare your old résumé to examples online and see if you are still impressed with the style you chose before. Ask yourself, is this document easy to read and aesthetically pleasing? What changes might make it more accessible or attractive to an employer?

You may choose a new template to help you compose your résumé, or you may adapt the one you used last year. You may NOT use *Portfolium's* résumé generation feature.

Once you have chosen a résumé style or template, select a **NEW, real position** currently advertised in Saskatoon or your place of residence and tailor your résumé for that position. You do not actually have to apply for the job, but you must highlight your experiences and skills that qualify you for the position described in the job posting.

Make sure you **update your experiences and skills!** What have you done or learned over the last year that is relevant for the position you are applying for?

Remember to **make a copy of the job posting** to submit on Populi along with your résumé.

Remember to begin descriptions with active verbs whenever possible, to pay careful attention to formatting, grammar and spelling, and to have someone you trust **proof-read your résumé** for you. Your résumé must be completely free of spelling, grammar, and formatting errors **BEFORE** you submit it to Populi.

What is a Cover Letter?

A cover letter is a short document (1/2 – 1 page) written in business format that accompanies your résumé and explains why you are capable of fulfilling the position you are applying for. A good cover letter will focus on the needs of the employer by describing the specific knowledge, skills, experiences, employment goals, and personality traits that make you a good fit for *their* organization.

A cover letter is also an example of one of the most important soft skills in the work world: communication. It is an opportunity for you to demonstrate your ability to tell your story in a manner that is clear, engaging, and relevant for your audience.

You should always send a cover letter along with your résumé, unless the job posting specifically says not to, or you are filling out an online application that does not offer any space to include a cover letter.

How do I write a Cover Letter?

Begin with the form of your cover letter. Cover letters are written in business format. Business letters are structured using specific sections, including

1. Heading (Sender's information and date)
2. Name, business address, and contact information of the recipient
3. Main body section
 - a. salutation
 - b. introductory paragraph (3-4 sentences outlining the position you are interested in and a brief statement of why you are qualified)
 - c. main body paragraph (why you are interested in the position and how your qualifications and interest align with the organization's mission)
 - d. final paragraph (a confident ending, a way to communicate with you for an interview, and a thanks for their time)
4. Complimentary close
5. Signature

There are also three main options for formatting these sections: The full block format, the modified block format, and the indented block format. A link to Purdue University's description of all three formats and examples of each can be found in the "**Résumé and Cover Letter**" lesson on Populi. You may choose whichever of the three business letter formats that you prefer.

In order to write a strong cover letter, you will need to **research the organization** to which you are applying. Use the cover letter's format to help you ask good questions as your research:

1. What is the name of the person you will be sending the letter to?
2. What is the organization's mission statement?
3. What is the organization's history?
4. How does my story show that my values align with the company's mission and that my skills fit the company's needs?

For further instruction on researching an organization and on what to include in each section of your letter, see the “Résumé and Cover Letter” lesson on Populi.

How do I submit my Résumé and Cover Letter?

Submit your résumé, cover letter, and a copy of the job posting to the **Résumé and Cover Letter assignment tab** in Populi for assessment. Once your résumé and cover letter demonstrate that you have met competency, you can add them only (not the job posting) to your *Portfolium* Profile page as a Term A artifact (see the “Organizing evidence artefacts” assignment section for instructions on how to submit your résumé and cover letters as artefacts).

- Related learning outcome(s): 1, 3, 4.
- **Assignment Length:** Résumé: 1-2 pages; Cover letter: ½ -1 page. **Due date:** November 27, 2020.

3. *Portfolium Profile and Portfolio*

In your second year, you must continue to refine and organize your evidence artefacts using your *Portfolium* Profile page and the e-Projects on your *Portfolium* Portfolio page. During the Fall Lab, you will update your Portfolio e-Projects, organize artefacts for Terms A and B, and refine the aesthetic style for your *Portfolium* Profile and Portfolio.

Refining evidence artefacts

As you continue to collect artefacts for your Portfolio, your written artefacts, such as essays, must meet the grammar and style requirements outlined in the HCS “Grammar and Style Rubric: Level 2 Requirements” before they can be added to your *Portfolium* Profile and Portfolio. A copy of the rubric is available in the “Rubrics” lesson on Populi.

ALL evidence artefacts must be submitted through the lesson links in Populi **in the term in which they were created**. Detailed instructions for submitting Portfolio artefacts through Populi can be found in the [Due Dates: Evidence Artefacts Submission Process and Due Dates](#) and the [Submitting Portfolio Artefacts through Populi](#) sections of the Portfolio Guide. **Please make sure to follow the submission process as laid out in the Portfolio Guide.**

Organizing evidence artefacts

During your second year, you will continue to submit evidence artefacts to *Portfolium* using the lesson links on Populi at the end of each term. At the end of Fall Lab 2, you must take all of your new artefact files and organize them on your Profile and Portfolio pages. If you have taken Spring or Summer courses since completing Portfolio Winter Lab 1, you must also organize the artefacts you created during those courses.

Once you are ready to organize your artefacts at the end of Fall Lab 2, you can determine where an artefact belongs on *Portfolium* by consulting your Portfolio Map. Detailed instructions for finding and using your Portfolio Map can be found in the [What Goes in My Portfolio?](#) section of the Portfolio Guide.

By the end of Fall Lab 2, ALL Term A, Term B, and Spring and Summer evidence artefacts must

1. Meet Level 2 grammar and style requirements (if applicable)
2. Be uploaded to the correct place on *Portfolium* (see your Portfolio Map)
3. Include a high-quality image scan (certificates only)
4. Include a title page with correct title that is visible in the e-Project window, if applicable (Word and PFD files only)

Detailed instructions for adding artefact files to your Profile page and your e-Projects can be found in the [Adding Word Documents and PDF Files to *Portfolium*](#), [Adding Video Artefacts to e-Projects](#), and [Adding Image Files to *Portfolium*](#) sections of the Portfolio Guide. Criteria for assessment can be found in the “*Portfolium* Profile and Portfolio Rubric” on Populi.

Updating Portfolio e-Projects

By the end of Fall Lab 2, you must review all 9 e-Projects you have made for your Portfolio and organize all of your new Portfolio artefacts from Terms A&B into those e-Projects. If you have taken Spring or Summer courses since completing Portfolio Winter Lab 1, you must also organize the artefacts you created during those courses.

By the end of Fall Lab 2, all 9 e-Projects must

1. Include any Portfolio artefacts you created in Terms A&B and in Spring and Summer courses, if applicable
2. List additional skills you have demonstrated in your new evidence artefacts
3. Have a set cover photo

Detailed instructions for adding artefact files to your e-Projects can be found in the [Adding Word Documents and PDF Files to *Portfolium*](#), [Adding Video Artefacts to e-Projects](#), and [Adding Image Files to *Portfolium*](#) sections of the Portfolio Guide. Criteria for assessment can be found in the “*Portfolium* Profile and Portfolio Rubric” on Populi.

Choosing an aesthetic style

As you grow and develop as a student, you should consider updating the style of your *Portfolium* Profile and Portfolio pages by changing or tweaking the images that reflect your experiences, work, and personality. For example, you should consider updating your profile photo, personalizing your banner photo, or adjusting the theme of your e-Project cover photos. As you grow as a student and Christian leader, the style and clarity of the images you choose communicate important information about who you are becoming to your *Portfolium* audience.

By the end of Fall Lab 2, you must add the following images to your *Portfolium* account:

1. An updated profile photo on your Profile page (optional)
2. An image scan of all certificates on your Profile page

3. An updated cover image for each of your e-Projects in your Portfolio (optional)

Remember that, when taken together, well-chosen images will

1. Convey a consistent, professional, and unique image of *you* as a Christian leader.
2. Help your *Portfolium* audience navigate your account by distinguishing different types of information.
3. Peak your *Portfolium* audience's interest by conveying information and creating aesthetic appeal.

Detailed instructions for adding image files to *Portfolium* can be found in the [Adding Image Files to Portfolium](#) section of the Portfolio Guide. Criteria for image assessment can be found in the "*Portfolium* Profile and Portfolio Rubric" on Populi.

- Related learning outcome(s): 1, 2, 4.
- **Assignment Length:** N/A. **Due date:** December 18, 2020.

Video-on-Demand (VOD) Student Requirements

As indicated on the course schedule, this class is being offered by VOD. Students who intend to take the course primarily through VOD are required to indicate this during their course registration. While VOD recordings are available for any student who may miss a class, non-VOD students are expected to attend class live following the class attendance policy.

- For this course, VOD students have the same assignment due dates as in-class students.
- Each week, VOD students are required to watch and engage with all of the recording from that week's classes. Please note that Portfolio labs do not take place every week throughout the semester. You will need to **check your Class Schedule** to know which weeks include a class recording.
- By Monday at 11:59pm of **each week** in which there is a Portfolio lab, VOD students will submit to the **VOD Course Discussion** a brief report (approximately 250 words) that 1) affirms you have watched the required recording for that week, 2) summarizes one thing you learned that week that will help you reach the course learning outcomes, 3) explains at least one question you had after watching the class recording, 4) affirms you have completed the VOD lesson for the week, and 5) reports grammar quiz scores (when applicable).
- By Monday at 11:59pm of each week in which there is a Portfolio lab, VOD students must **complete the VOD Lecture lesson** associated with that week. VOD lessons are meant to provide you with the opportunity to engage the course material as you would if you were attending live lectures. There are also times when on-campus students will join you in completing portions of the VOD lesson.
- In order to pass the course, VOD students must submit all of their VOD weekly submissions. These submissions are marked pass/fail based on whether or not they demonstrate thoughtful engagement with the class material.

Academic Policies

General Assignment Guidelines

Please see the Horizon [Format Guide](#) for assignment submission, grammar, and formatting guidelines.

Late Assignments and Extensions

Students are expected to submit work by the assigned due dates, as part of their development of the Leadership and Administration competency. To submit extension requests, students must submit the [Assignment Extension Request Form online](#) and *before the due date*. Professors may grant extensions in the case of extenuating circumstances, such as significant illness or a family emergency. Furthermore, no extensions will be granted beyond the final day of a term or semester.

A late assignment will not be assessed until the student first meets with the professor or the Faculty Assistant to discuss whether the student's reasons for the late submission are acceptable. Unexcused late submissions will be tracked across each student's program. If one assignment is submitted more than five days late or if a student incurs multiple instances of unexcused late submissions, it will result in academic discipline, such as required tutoring, academic probation, failure of the course, or failure to qualify for graduation. Similar to standard human resource employment practices, students will receive warnings and conditions with increasing severity of academic discipline.

Resubmission of Assignments

Students have until the last day of revision week to submit revisions, and students can only submit up to two revisions for each assignment. Students should follow the revision schedule outlined above.

Horizon College Assessment of Student Portfolio Work

The goal of all courses at Horizon is to help students develop the stated competencies, not earn letter grades. Assignments are the means by which instructors evaluate development of those competencies. Consequently, students do not earn overall "grades" on individual assignments. Instead, assessment focuses on measuring students' competency as outlined in the syllabus and assignment rubric. For purposes of transferability to other institutions, the final competency designations will be translated to a comparable letter grade on a traditional transcript. The tables below explain Horizon's approach:

Horizon CBE Scale		Descriptor	Letter Grade	Grade Point	U of S Equivalency
E	Exceeding		A+	4.0	90-100

		Student exceeded competency requirements for some learning outcomes and met requirements for all remaining learning outcomes.	A	4.0	85-89
			A-	3.7	80-84
M	Meeting	Student met competency requirements for all learning outcomes and may have exceeded in one.	B+	3.3	77-79
			B	3.0	73-76
			B-	2.7	70-72

Students pass a course only after they have demonstrated that they have *met or exceeded all* competency requirements for a course. If the student chooses not to meet all course competency requirements, the course will not be sufficient to fulfill their program requirements at Horizon. Nevertheless, for transferability purposes, the student will receive a letter grade of C+ or below on a traditional transcript.

BTM	Beginning to meet	Student was beginning to meet competency requirements for any one or more learning outcomes, and met or exceeded competency requirements for all other outcomes.	C+	2.3	67-69
			C	2.0	63-66
			C-	1.7	60-62
NYM	Not yet meeting	Student was not yet meeting competency requirements for one or more learning outcomes.	D+	1.3	57-59
			D	1.0	53-56
			D-	0.7	50-52
			F	0.0	0-49

Some competency outcomes in the Portfolio course are measured on a pass/fail basis. These outcomes will appear as pass/fail on all assignment rubrics, including the final course rubric.

Students pass the Portfolio course only after they have demonstrated that they have passed *all* competency requirements for the course. If the student chooses not to meet all course competency requirements, the course will not be sufficient to fulfill their program requirements at Horizon.

Academic Honesty

Horizon uses the University of Saskatchewan definition of plagiarism described as “the presentation of the work or idea of another in such a way as to give others the impression that it is the work or idea of the presenter. Adequate attribution is required. What is essential is that another person have no doubt which words or research results are the student’s and which are drawn from other sources” (Office of the University Secretary, 2012). Students are expected to give due recognition to sources from which all substantial phrases, sentences or even ideas are drawn. Note also that you may not submit work done in one course to satisfy the requirements of another course (unless both instructors agree beforehand to accept such work). See [here](#) for examples of plagiarism and further guidelines in the [Student Handbook](#).

Disability Services Information

If you would benefit from learning accommodations due to pre-existing physical or mental health conditions or learning disabilities, contact the Academic or Student Life departments at the beginning of the course. Horizon will work to meet your learning and/or physical needs where

possible. If any conditions arise during the course that you wish to disclose, please contact us as soon as possible. In all cases you will need to provide current [documentation](#) of the disability or condition you wish to disclose. Horizon takes appropriate care to ensure confidentiality about any such disclosures. For more information, contact Bob Williamson, Dean of Students, at bwilliamson@horizon.edu; Heather Wood, Associate Dean of Students, at hwood@horizon.edu; or Leanne Bellamy, Academic Coach, at lbellamy@horizon.edu.

Class Attendance

Students should attend all classes in order to facilitate competency development. In the case of illness or other unforeseen circumstances, students may miss one day of a module course or three days of class in a term or semester course without academic penalty. A student must be present for the full duration of a class period in order to be registered as present for the class. Students who are absent for more than the number of classes stated above will automatically fail the course. Students wishing to be exempted from this policy due to extenuating circumstances may make an academic appeal, where they will need to document and verify those circumstances. Students who miss a class are responsible to get missed notes or handouts from another student, rather than from the professor.

Campus Health Policy

While on campus, please maintain 2 metres of physical distance between yourself and others. Do not come on campus if you are experiencing symptoms (even if they are mild) of fever, cough, shortness of breath, sore throat, chills, runny nose, or a loss of your sense of taste or smell. If you have any of these symptoms, do not return to campus until advised by Public Health. You should self-isolate and contact HealthLine 811 for advice on whether you should be tested for COVID-19. This will help keep others safe and possibly spare them from self-isolation and testing. While you are in self-isolation, you may attend class online. The link to access your class is posted on the course page on Populi, under the Syllabus tab, under Links on the right side of the page.

Live-Streaming Etiquette

If attending class online via live-stream, keep your camera on and stay present and attentive throughout the class session. Access your class with a computer (preferably) or tablet, not a cell phone. Arrive to class on time, and dress as you would if you were attending class on campus. Join the class from a quiet space with minimal background noise, and mute your microphone until you wish to speak to the class.

Use of Technology

Horizon encourages the use of electronic devices in the classroom to enhance learning. Careful consideration must be given to privacy issues, copyrighted materials, and the general care and concern for others. Please respect the following classroom policies:

- Please use online access for course learning only. This is a matter of respect for the instructor's teaching, your own learning, and fellow students who may be distracted by other uses.
- Students should secure permission from the instructor to record any teaching material. This includes PowerPoint slides, white board illustrations, notes, and any form of audio or video.

- Student feedback is a valuable input for course improvements. Please resolve any classroom grievance about the instructor or course with the instructor personally, through the Horizon College and Seminary grievance procedures, or the Populi-based course evaluations. It is inappropriate to air classroom grievances on a social media platform.
- When instructors use recording mechanisms in the classroom, recorded materials will be used for the sole purpose of instruction and cannot be released to any social media outlet without the written consent of the students whose images have been recorded.
- In general, it is not acceptable to share photographs or videos of students in the classroom setting without permission from those whose images appear in such media.
