One of the great myths about leadership is that some people have “it,” and some don’t. A corollary myth is that if you don’t have “it,” then you can’t learn “it,” Neither could be further from the empirical truth. - Kouzes and Posner

Course Goals

This course examines the theory and practice of leadership. Students will study leadership wisdom in the Bible and contemporary leadership literature, including examples of organizational theory and behaviour linked to effective leadership and management. Course Assignments and Activities

1. *Reflection 1: Leadership Wisdom from the Book of Proverbs*

This is a formative assignment, which means that it is not assessed for competency, but it must be completed to pass the course. Proverbs is one of few biblical books intentionally written with leaders in mind. It has cultural assumptions and historical circumstances that are not meant to be simply replicated today. We must learn to discern the enduring truth of the message and not be distracted by the particular circumstance in which the message was delivered.

- Listen to or read a chapter of Proverbs a day. In other words, start this assignment immediately on September 16! You will have to do several days with 2 chapters.

- Make a note or notes of key thoughts or instructions that can be understood as a leadership principle or practice. For example, Proverbs 1:7 instructs that fear of the LORD is the foundation of true knowledge. So, if leaders want to have *true knowledge*, it starts with fearing the Lord.
- Upload notes to Populi for instructor review.
- Related learning outcome(s): #1.
- **Assignment length:** 1-2 pages, single-spaced and bullet points.
- **Due date:** October 13, 2024.

2. *Reflection 2: Leadership: Theory and Practice*

This is a formative assignment, which means that it is not assessed for competency, but it must be completed to pass the course. Make notes on each chapter read in Northouse's book using the following guidelines: (i) Identify contributor(s), (ii) Identify the theory or practice(s) of leader/leadership, (iii) Indicate any reaction, thoughts, or questions to the theory or practices.

- Meet with the instructor (and potential cohort) to discuss the notes, the evolution of leadership, and preferred leadership styles.
- Upload notes to Populi for instructor review.
- Related learning outcome(s): #1.
- **Assignment length:** 4-6 pages, single-spaced and bullet points.
- **Due date:** October 13, 2024.

3. *Reflection 3: How Your 21st-Century Church Family Works and Chapter from Managing Polarities in Congregations and Cohort Discussion*

This is a formative assignment, which means that it is not assessed for competency, but it must be completed to pass the course. Read Peter L. Steinke's book and the Roy Johnson and Barry Oswald chapter titled "Management and Leadership." It is uploaded on Populi under "Lessons."

- Make notes on the article and the book read using the following guidelines: (i) Identify contributor(s), (ii) Identify the key components of systems theory and polarity management, (iii) Indicate any reaction, thoughts, or questions to the theories or information presented.
- Meet with the instructor (and potential cohort) to discuss the reading.
- Related learning outcome(s): #2.
- **Assignment length:** 2-3 pages single-spaced and bullet points.
- **Due date:** November 10, 2024.

4. *Mentor/Mentee Interview & Analysis (10%)*

Leaders are continual learners, so facilitating a learning experience with a mentor helps students understand more about leadership views and practices in the mentor's context.

- Develop a set of 8 - 12 interview questions on *Adaptive Leadership Change Management* or *Leadership Theories and Practice*, or a combination of both. Because you will be executing an adaptive change plan, make sure to ask about a time when your mentor did an adaptive change. Ask them what they did well, how they planned for it, and what they wished they had done differently.

- Arrange a 60-minute block with mentor(s).
- Send questions to the mentor beforehand so they have time to review and prepare.
- In your analysis:
 - Follow the Horizon Format Guide
 - Confirm you met with a mentor for 60-minutes on the Title Page.
 - Submit 2 parts, as described below.
 - Name the person interviewed and describe their context.
- Related learning outcome(s): #3.
- **Assignment length:** 3 pages, with one page being the developed questions and name of the person interviewed and their context. Then, 2 pages double-spaced summarizing the key learnings from the interview and conversation in paragraph form.
- **Due date:** November 10, 2024.

5. *Leadership Styles Video Presentation (25%)*

Prepare a video presentation comparing four leadership styles found in Northouse's book and a close reading of Proverbs.

- Before preparing the video outline, read and review the rubric to understand how the video will be assessed.
- Prepare the video outline. While preparing the outline, review notes from both Northouse's book and the book of Proverb's reading. You will submit the outline along with your video.
- In the outline and video, describe the four leadership styles you will compare and why you chose them.
- What leadership principles or practices from the Book of Proverbs integrate well into your chosen leadership styles? E.g., Proverbs 3:27 says when you have the power to do good, do not withhold from others. We are to treat others fairly. This principle aligns well with the Adaptive Leadership style because one of its tenants is mobilizing people. We can mobilize people by sharing power, resources, ideas, and doing good to them.
- Make sure to speak clearly and don't rush.
- In written assignments, you are required to include citations in footnotes when paraphrasing, summarizing, or quoting from other sources. In a video assignment, note when you are citing a source in the video itself.
- To submit this assignment:
 - Upload your video to a hosting site like YouTube and submit the link on Populi.
 - Submit the outline along with your video.
- Related learning outcome(s): #1.
- **Assignment length:** 5-7 minutes.
- **Due date:** November 17, 2024.

6. *Integrative Learnings Essay (30%)*

Write a 7-page double-spaced integrative essay reflecting on these two areas. Please note the page allotment for each part. Follow the Horizon Format Guide and cite the textbooks appropriately, being sure to include citations whenever you are paraphrasing, summarizing, or quoting from the textbooks or other sources. Include a bibliography.

- Part One: Discuss your preferred leadership style or styles. (4 pages)
 - As you reflect on your readings from Northouse and the others, discuss what resonates most with you and why. In other words, what style(s) feel right to you and which ones do you see yourself growing in and how? What styles do you see others around you operating in? Then, if space permits, feel free to reflect on what did not resonate with you and why. Perhaps there is something that seems to conflict with biblical principles. If space permits, make a case for why something is disagreeable.
- Part Two: Family Systems Theory and Polarity Management (3 pages.)
 - Reflecting upon Steinke’s book and the book chapter titled “Managing Polarities in Congregations,” describe what Family Systems Theory is, apply it to your family unit and internship context, and describe how you notice it showing up. Then define polarity management and describe what polarities you need to be aware of and manage within your internship context.
- Related learning outcome(s): #2.
- **Assignment length:** 7 pages.
- **Due date:** November 24, 2024.

7. Adaptive Change Plan (35%)

- **Part One:** Review Chapter 11 on Adaptive Leadership in Northouse’s book. Then, write a 1-page double-spaced paper which accurately describes a situation you would like to see changed or a value implemented. Here are a few guidelines:
 - i. It needs to be some type of systemic change, not just an individual improvement project. An adaptive challenge is one for which the leader her or himself does not possess the answer.
 - ii. It must involve a situation in your current ministry context.
 - iii. The challenge should address a need or opportunity over which you have sufficient authority to implement your ideas.
 - iv. The purpose of the integrative change assignment is for you to consider deeply ‘how’ to improve, change, or transform something in your context.
 - v. The paper should clearly describe the situation/setting so that *anyone reading it would immediately understand and be able to visualize what you would like to see improved, changed, or transformed*. That means specific details regarding the situation, such as the ‘who, what, where, and when’ elements. **Do not analyze or solve the problem (offer no ‘how or why’). You are simply stating what it is.**
- **Part Two:** Write a 6-page double-spaced Adaptive Change Plan. Use the Adaptive Leadership Beginner Process Template on Populi as a guide to fleshing out your ideas before writing Part Two.
 - i. This assignment aims to integrate the information you have learned through your readings, interview, conversations, and ministry experience, which allows you to create an adaptive change pathway that will improve a value or solve a real problem.

- ii. Part Two should reflect what you have learned throughout the course in all the readings, conversations, and experiences. You may also draw upon previous learnings or readings that have significantly impacted your leadership style and journey.
 1. The paper should demonstrate the information and insights gathered and integrate them creatively into your situation's adaptive process.
 2. The paper should demonstrate a critical, thoughtful, and creative approach.
 3. The paper should clearly demonstrate the integration of sources used this semester. (E.g., How does Family Systems Theory inform how you will manage the anxiety associated with change?)
 4. Footnotes and bibliography are necessary to demonstrate where you gathered your insights.
 - In your paper:
 - Follow the Horizon Format Guide.
 - Include citations in footnotes when paraphrasing, summarizing, or quoting from other sources.
 - Cite all readings, interview, and class conversations. Refer also to your ministry experience.
 - Submit the Adaptive Leadership Beginner Process Template along with paper.
 - Related learning outcome: #4.
 - **Assignment total length:** 7-8 pages, double-spaced with footnotes and bibliography.
 - **Due date:** December 8, 2024.
8. *Cohort Discussions via Zoom (formative)*
- Cohort discussions are a time to ask questions, present ideas, reflect on learnings, support other leaders, and seek advice on current leadership challenges. Attendance is expected as per Horizon's Class Attendance Policy.
 - Zoom link will be provided to the student.
 - Discussions will be up to one hour, and cohort times will be set in conversation with students.
 - Related learning outcome(s): #1.
 - **Assignment total length:** 3 hours.
 - **Due date:** TBD with instructor and students.

Academic Policies

General Assignment Guidelines

Please see the [MCS-Horizon](#) Format Guide for assignment submission, grammar, and formatting guidelines.

Late Assignments and Extensions

Students are expected to submit work by the assigned due dates, as part of their development of the Leadership and Administration competency. To submit extension requests, students must submit the *Assignment Extension Request Form* on Populi and *before the due date*. Professors may grant extensions in the case of extenuating circumstances, such as significant illness or a family emergency. Furthermore, no extensions will be granted beyond the final day of a term or semester unless approval is granted by the Associate Academic Dean (MCS) or Assistant Academic Dean (Horizon).

Late submissions will be tracked across each student's program. If a student incurs multiple instances of late submissions, it will result in academic discipline, such as required tutoring, academic probation, failure of the course, or failure to qualify for graduation. Similar to standard human resource employment practices, students will receive warnings and conditions with increasing severity of academic discipline. If one assignment is submitted more than five days late, the student will fail the course.

Assignment Completion

Professors usually will not accept assignments that have not been completed according to the instructions given in the syllabus. If a professor informs a student that a submitted assignment is incomplete, the student will be given the opportunity to complete and resubmit the assignment quickly. If this is not possible, the assignment will be regarded as submitted late.

Assignment Revisions

Students can generally submit up to two revisions for each assignment, although a professor may accept more revisions if the professor determines the student is addressing all of the professor's instructions and making significant progress toward achieving competency.

MCS-Horizon College Assessment of Student Work

The goal of courses is to help students develop their competency, not earn letter grades. Assignments are the means by which instructors evaluate development of competency by assessing learning outcomes as outlined in the syllabus and each assignment rubric. Once a student's assignment has met all competency requirements, the professor will assign a grade for that assignment. Likewise, a final course grade is not calculated until the end of the course. Students pass a course (with a B- or higher) only after they have demonstrated that they have *met or exceeded all competency requirements* for that course and, therefore, only after they have passed all assignments.

MCS-Horizon CBE Scale		Descriptor	Letter Grade	Grade Point	U of S Equivalency
E	Exceeding expectations	Student demonstrated exceptional achievement of the learning outcomes.	A+	4.0	90-100
			A	4.0	85-89
			A-	3.7	80-84
M	Meeting expectations	Student demonstrated good achievement of all learning outcomes.	B+	3.3	77-79
			B	3.0	73-76
			B-	2.7	70-72

If the student does not meet all competency requirements in a course and, therefore, does not pass all the assignments in a course, the course will not be sufficient to fulfill their program requirements at MCS-Horizon. Nevertheless, for transferability purposes, the student will receive a letter grade of C+ or below according to the scale below.

BTM	Beginning to meet expectations	Student was beginning to meet one or more learning outcomes.	C+	2.3	67-69
			C	2.0	63-66

			C-	1.7	60-62
NYM	Not yet meeting expectations	Student made insufficient progress toward meeting learning outcomes.	D+	1.3	57-59
			D	1.0	53-56
			D-	0.7	50-52
			F	0.0	0-49

Academic Integrity

Students learn best when practicing academic integrity. A lack of integrity is displayed in acts such as deception, abuse of confidentiality, cheating, inappropriate collaboration, or plagiarism. Plagiarism occurs when a student presents the words or ideas of another person or an artificial intelligence (AI) tool in such a way as to give others the impression that it is their own words or ideas. In academic writing, there should be no doubt which words or ideas are the student's and which are drawn from other sources or AI. Students are expected to submit their own original work and give due recognition to sources from which all substantial phrases, sentences or even ideas are drawn. Note also that you may not submit work done in one course to satisfy the requirements of another course (unless both instructors agree beforehand to accept such work). See [here](#) for examples of plagiarism and further guidelines in the Student Handbook.

Accessible Learning Services Information

MCS-Horizon aims to provide an accessible learning environment for all our students. If you would benefit from learning accommodations due to temporary or ongoing physical or mental health conditions or learning disabilities, please contact us as soon as possible to schedule a conversation. In all cases we ask that you provide current documentation of the disability or condition you wish to disclose. MCS-Horizon takes appropriate care to ensure confidentiality about any such disclosures. For more information, contact Wendy Holmes, MCS's Director of Academic Success (wendy.holmes@mcs.edu), or Richelle Bekkattla, Horizon's Library Technician and Academic Accommodations Coordinator (library@horizon.edu).

Class Attendance

Students should attend all classes in order to facilitate competency development. Students are expected to be present through the delivery method that they registered for, either on campus or through livestreaming with their camera on. A student must be present for the full duration of a class period in order to be registered as present for the class. In the case of illness or other unforeseen circumstances, students may miss the equivalent of six hours of class (e.g., one day of a module course or two three-hours classes) without academic penalty. Students who are absent for more than this will automatically fail the course. Students wishing to be exempted from this policy due to extenuating circumstances may make an academic appeal, where they will need to document and verify those circumstances. Students who miss a class are responsible to get missed notes or handouts from another student, rather than from the professor.

Livestreaming Etiquette

Students taking the course through livestreaming are required to indicate this during their course registration. While livestreaming access is available for on-campus students who are unable to attend class due to illness, on-campus students are expected to attend class in person following the class attendance policy.

If attending class online via livestream, in order to be marked present for class, you must keep your camera on and stay present and attentive throughout the class session, extending the gift of engagement. Access your class with a computer (preferably) or tablet, not a cell phone. Arrive to class on time, and dress as you would if you were attending class on campus. Join the class from a quiet space with minimal background noise and mute your microphone until you wish to speak to the class.

Use of Technology

MCS-Horizon encourages the use of electronic devices in the classroom to enhance learning. Careful consideration must be given to privacy issues, copyrighted materials, and the general care and concern for others. Please respect the following classroom policies:

- Please use online access for course learning only. This is a matter of respect for the instructor's teaching, your own learning, and fellow students who may be distracted by other uses.
- Students should secure permission from the instructor to record any teaching material. This includes PowerPoint slides, white board illustrations, notes, and any form of audio or video.
- Student feedback is a valuable input for course improvements. Please resolve any classroom grievance about the instructor or course with the instructor personally, through the grievance procedures, or the Populi-based course evaluations. It is inappropriate to air classroom grievances on a social media platform.
- When instructors use recording mechanisms in the classroom, recorded materials will be used for the sole purpose of instruction and cannot be released to any social media outlet without the written consent of the students whose images have been recorded.
- In general, it is not acceptable to share photographs or videos of students in the classroom setting without permission from those whose images appear in such media.
